Summary

Second-year Computer Science student specializing in **AI & ML** at KIIT with a (**CGPA: 9.73**). Building practical software, automation workflows, and machine learning applications, with hands-on experience in Python and logic building.

Education

Kalinga Institute of Industrial Technology (KIIT)	<i>Jul 2024 – Jun 2028</i>
B.Tech in Computer Science and Engineering (AI & ML)	CGPA: 9.73
Kautilya Senior Secondary School (CBSE)	<i>2024</i>
Class XII – PCM	86%
Jain International Residential School (CBSE)	<i>2022</i>
Class X	95.8%

Technical Skills

Languages: Python, C, C++, Java
Web: HTML, CSS, JavaScript
Tools/Frameworks: Git, GitHub, Linux, UiPath, Streamlit
Core CS: Data Structures & Algorithms, Operating Systems, OOP, Theory of Computation

Projects

TOS-IC – AI Legal Document Analyzer (Python, Streamlit, Gemini API)	GitHub
- Developed an AI-powered system to parse and analyze Terms of Service and Privacy Policies, extracting high-risk clauses from unstructured legal text. - Integrated Gemini API for semantic understanding, enabling automated summarization and risk highlighting using a Streamlit UI.	
Automated Diet Planner – UiPath RPA Bot	GitHub
- Developed an end-to-end RPA pipeline using UiPath to automate BMI computation and personalized diet generation. - Designed conditional decision flows handling multiple health categories, reducing manual input and improving workflow efficiency.	
Netflix Clone – Front-End Web Application	GitHub
- Implemented a responsive UI replicating a modern streaming platform using HTML, CSS, and JS. - Designed reusable UI components and optimized layout rendering across multiple screen sizes.	

Certifications

• AI Fluency Certification – Anthropic	2025
• Breaking LLMs Workshop – Google Developer Groups	2025
• AI Symposium – AISOC, KIIT	2025
• Fundamentals of Prompt Engineering – AWS Training	2026

Leadership & Activities

AISOC, KIIT – Operations & PR Member	<i>Dec 2025 – Present</i>
- Assisted the execution for AI-focused technical events, supporting large-scale student participation. - Contributed to outreach and engagement strategies, increasing visibility of AI society initiatives.
